YOUNGER FRESHER HEALTHIER

## Private Mole Removal and Doctor Services

If you find NHS waiting lists unacceptably long or would like a skin lesion removed for purely cosmetic reasons, our experienced skin surgeons can carry out your minor operation quickly, safely and discreetly.

Epsom Skin Clinics provide a complete minor surgery service, including Pathology testing, for anyone concerned about a lump or bump. We have a fully-equipped minor operating room which we use to perform the procedure at a time that suits you.

We can also issue private prescriptions for a variety of medicines relating to dermatology and the management of common skin conditions.
